# You will 'GO GREEN'!

If you are toying with the idea of making eco-friendly changes to your lifestyle, you should definitely head to the Kirloskar Vasundhara International Film Festival's (KVIFF) Eco Bazar 2018. An interesting, innovative array of products made from bamboo, paper, upcycled fabric, glass and terracotta will vie for your attention. The bazaar is underway at the Pandit Jawaharlal Nehru Sanskritik Bhavan, Ghole Road, till Sunday, from 11 am-8 pm.

Some of the products like furniture pieces made from cane and fabric can be used to deck up your living area; whereas buffalo-shaped paper weights can give a quirky touch to your office space. For those who need their gadgets, there are specially designed pieces like mobile holder and amplifier made from bamboo. Take your pick! *ST*
